1. About

Welcome on the pages of Java Concepts.

1.1. How stands behind ?

Java Concepts is in "real" term the team around the Software Architect Oliver Gries.

1.2. Why Java Concepts ?

The title shows the main focus of my work. **All** technologies around the subject *Java*.

1.3. Private

- born on 04/02/1970 in Bautzen / Saxony / Germany
- School - Profession - High School - Study - Degree - 5 years working for an IBM subsidiary - working as a freelancer from beginning of 2000
